

The Sky Changes

By Sorrentino, Gilbert.

Dalkey Archive. 1 Paperback(s), 1998. soft. Book Condition: New. A couple making a cross-country trip from New York City to San Francisco try to convince themselves that their disintegrating marriage can be saved, in this 1966 debut novel by the author of Lunar Follies and Imaginative Qualities of Actual Things. The chapter headings list their progress through the destinations both touristy and unintended, and as husband and wife move inexorably toward divorce, it is their children who bear the brunt of it all. "I have never read a novel more explicitly clear, nor one more relevant, in its statements of contemporary life in this country. It is unique, brilliantly and sparsely written, absolutely without self-indulgence or embarrassment in the dilemmas of a man's life which it articulates." Robert Creeley 139.

Reviews

It is really an awesome ebook that I have ever read. It typically fails to expense a lot of. I am very easily can get a enjoyment of studying a written ebook.

Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
