Brand New Book ***** Print on Demand *****.Getting Your FREE Bonus Download this book, read it to the end and see BONUS: Your FREE Gift chapter after the conclusion. Survival Guide: (FREE Bonus Included) 25 Proven Tips How To Live Without Electricity And Survive A Blackout Electricity is everywhere. The pylons are dotted across the country and the majority of homes are connected. Electricity is seen as a necessity in the modern world. However, there are an increasing number of people which are choosing to live a life without electricity. If you are considering this then there are a few key items you should be aware of; this will help you to be prepared for the reality of life without electricity. This book also looks at the essential items you should stockpile now to deal with a short power outage. Although the average length of the over three thousand power outages every year is just three hours; it can be much longer. Three hours simply means playing a game or taking a walk if possible. Three days or even three weeks presents a whole fresh set of...
