Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Does your metabolism feel like it is in slow motion? Do you want a fast metabolism? Metabolism Boosting Tips Recipes You know the drill. You follow a low-carb, low-fat, Paleo, vegan or whatever else diet, sometimes losing weight, but typically something doesn't work. Though you seem to be ticking off all the boxes, you reach a plateau and the fat just doesn't seem to budge. In frustration, you resign yourself to the fact that you simply weren't blessed with a fast metabolism and may as well give up. What is a fast metabolism mean anyway? It means you efficiently burn the calories you ingest whether that is during training or resting. When you have a slow metabolism, you do not see the results you would expect from eating healthy and focusing on exercise. If you are experiencing the latter, then this book is for you. Rock That Metabolism With a strong and healthy metabolism, your body is lean, resilient and primed to burn fat for fuel. Without having to resort to snake-oil supplements or difficult-to-follow meal plans, you can start today to unlock your body's natural capacity to be lean and healthy. This book looks at simple and practical methods that anyone can use to start working with their metabolism instead of against it. You will discover: exactly how your metabolism works - and how to use that knowledge to burn fat which foods are really going to help with weight loss and which are simply over-hyped health fads precisely how to manipulate and encourage the metabolism you were born with to use the food you eat efficiently how men and women's metabolisms differ, and what you can do make...
