

ICD-10 Code Breaking: Understanding ICD-10: A Primer on ICD-10 for Non-Coders and Clinicians.

By MR Matthew Graydon

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Like the favorite meme, or quote from a certain Metal Chair of Power series, ICD-10 is coming (this winter!). Sorting through the myths and truths of ICD-10 can be harrowing. Fortunately this book is written by an ICD-10 Certified Trainer who has experience teaching groups from large payers and small provider offices on the nuances of ICD-10, and what to expect. This book is full of information that will help you better understand the history of ICD-10, what the implementation means, and how to get ahold of resources that will fill the gaps in your preparedness plan. This book is the first in a series of Health Care Literacy books from Hyde Park Publishing. While the ICD-10 implementation is only a few short weeks away, the impact of the code set will take years to fully understand.

Reviews

This publication is very gripping and exciting. Better then never, though i am quite late in start reading this one. I am very happy to inform you that here is the finest pdf i actually have read inside my very own daily life and could be he greatest publication for actually.

-- **Dayana Aufderhar**

I just started off reading this article publication. This really is for all who statte there had not been a really worth looking at. You will not feel monotony at anytime of your own time (that's what catalogs are for about should you ask me).
