Brand New Book ***** Print on Demand *****.Addressing the world of the imaginary, the dream, the uncanny, the paranormal, and all forms of speculative fiction, *Contours of the Fantastic* is a collection of twenty-two essays that were originally presented at the Eighth International Conference on the Fantastic in the Arts at Houston in 1987. Individual essays within these major divisions zero in on specific works of fantasy; offer a psychology of fantasy writers; analyze language; assess fantasy from a national perspective; and investigate Christian horror in fiction. The final two sections delineate the border between fantasy and reality--in science and in relation to space and time.
