Simple, easy and healthy have been my main goal in the creation of all of my vegetarian, vegan and raw food cookbooks, and after creating several 5 ingredients or less cookbooks, I challenged myself to create even more of the less than 5 ingredient recipes, excluding sea salt and pepper in the ingredient count. As, with all of my other cookbooks, you do not need to run out and purchase any special kitchen gadgets, nor will you ever need to run about finding any hard-to-find ingredients. All of the recipes within this cookbook are not only user friendly, they are budget friendly as well, so youll also save tons of hard earned dollars when preparing these healthy and easy to cook vegetarian recipes at home.
