Absolutely essential study book. It normally fails to price excessive. I realized this ebook from my dad and i encouraged this publication to find out.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Cutaneous Medicine, Vol. 1: A Systematic Treatise on the Diseases of the Skin The present work has been written to take the place of the author s former Practical Treatise on Diseases of the Skin, which for several years has been out of print. The favorable reception accorded to that work by the medical profession everywhere as attested by the many thousand copies published, by the press in this country and abroad, and by its translation into French, Italian, and Russian, has led the author to believe that a larger and more comprehensive treatise on the same subject might be equally well received. The material dealt with in the present volume has on all sides been approached from a practical stand-point. It has been the aim of the author to adhere closely to the practical aspect of the subject, supported by science and by experience. The work, as a whole, rests on clinical observation supported by pathology and pathological anatomy. The principles of cutaneous pathology and therapeutics have been put forth upon conservative lines in the light of modern research and experience. The rapid strides that Dermatology has taken during the past decade have produced remarkable changes in the pathology of many of the diseases of the skin, but clinical observations are on this account none the less valuable and important. The author is convinced that the skin occupies a more conspicuous place in Medicine than has heretofore been accorded to it. It is a large, complex, important organ of the body, and is by no means a mere protective covering. It is not only subject to many diseases which are wholly confined to the skin,...
