How Sex Works: Why We Look, Smell, Taste, Feel, and Act the Way We Do

By Sharon Dr. Moalem

HarperCollins Publishers Inc, United States, 2014. Paperback. Book Condition: New. 198 x 132 mm. Language: English . Brand New Book. In this compelling follow-up to the New York Times bestseller *Survival of the Sickest*, Dr. Sharon Moalem takes readers on a trip from prehistory to the forefront of cutting-edge medical research, and through a bedroom or two, to tell the story of how human sexuality has developed over time. *How Sex Works* challenges common perceptions about our bodies and provides astonishing discoveries from the frontiers of science as it traces the transformation of sex across species and through time to its current role in human societies. In this entertaining, comprehensive exploration of culture, biology, and history, readers will find out the answers to such provocative questions as: can the birth control pill influence the type of men women are attracted to; what do men and honeybees have in common when it comes to sex; why do hourglass-shaped women tend to be especially fertile; when are women most likely to cheat; can twins have different fathers; and, more!.
