What makes someone a successful researcher What makes a researcher tick How to be a good PhD student I am doing my dissertation for my masters degree, what to do Is research my cup of coffee Can I be a good research student These are questions loaded with intensity and these questions matter! For any researcher these are some of the myriad of questions that need to be addressed to have a satisfactory period in research. This book is a preliminary attempt that will be useful to students undertaking research of any kind. This is a book that is intended to give a student or researcher some simple yet profound do(s) and dont(s) in undertaking research. This book is filled with 99 tiny chapters, each of which would take less than 5 minutes to read; thus the name The 5 Minute Researcher People in research, be it a small dissertation or a full time doctoral work, find time a scarce commodity and will be required to invest a lot of their time in to their work. This book respects this fact and with short chapters of less than 5 minutes of reading time researchers of any kind can give a reading without worrying about time. You can read a chapter in between your experiments e. g. incubation times. You can read one or more chapters as you wait for your glass wares to be autoclaved. You can sit down with a cup of coffee and this book during your break time. You can quickly glance through a chapter before you meet your supervisor. I would have loved to have such a guide of simple do(s) and dont(s) before I started...
